August 1, 2014

To Whom It May Concern;

I am writing this letter as owner/president of Waste Oil Collectors, Inc. of Gautier, MS. I have been doing business with Baton Rouge Industries, Inc. for approximately 18 years. We are currently purchasing a water base degreaser (C-109), along with other products such as hand cleaner, fuel conditioner, penetrating oil (C-139) and truck wash. We have had much success with this particular degreaser, as we are in the business of bilge and tank cleaning, spill cleanup, amongst a number of other services that we provide in our industry. This degreaser does a wonderful job and I would highly recommend it.

I hope to continue the great working relationship with Baton Rouge Industries, Inc. that we have always experienced. Ms. Lois Leaghty provides our company with excellent service and it has been an absolute pleasure working with her.

I would like to add: "IT REALLY WORKS!"

Sincerely,

Dan Cambre  
President  
Waste Oil Collectors, Inc.
